BANCO GASKETS (I) LTD.

Where Engine Sealing is a Science...

**When it comes to
high performance
Banco Gaskets are
complemented with
unmatched service
and quality**

Our Roots...

Banco Products (I) Limited was founded as a privately owned company in 1961 as a manufacturer of gaskets for automotive applications.

Banco is a leading gasket manufacturing and development partner to major Indian OEM companies manufacturing diesel and petrol engines in India who are affiliated or subsidiaries of leading multinational companies from Europe, USA and Japan.

The company was listed on Indian Stock Exchange in 1987 and around which time started the second manufacturing site at Anakhi for supplying exclusively to Indian OEM customers.

The Banco Group in India also manufactures heat exchangers, precision aluminum extrusions with turnover in excess of 400 million U S Dollars.

Company Philosophy :

Total customer satisfaction by providing products & services that meet their expectations every time.

Quality... What Matters Most !

Our internal quality systems are set to ISO/QS/TS 16949 standards. Quality assurance begins with knowledge of proven design methods, continuous process improvement on production shop floor and finally employee training.

Customized jigs and fixtures are used throughout the manufacturing process to achieve product consistency and advanced. SPC and SQC techniques are used for continuous product and process improvement.

Product Design & Engineering Capability...

We have expert engineers in solving unique sealing problems in diverse applications ranging from 2-3 wheelers, passenger cars to off highway & stationary applications.

With extensive usage of advanced software technologies and our vast knowledge of field conditions, we deliver consistently efficient designs.

Banco designs and produces head gaskets for Graphite Composite Steel Gaskets and Metal Cylinder Head Gaskets for Single Cylinder Engines under licence from Japan Metal Gaskets.

Our extensive testing facilities includes testing from design stage till final production.
